Officials Probe Street Car Fire

Fifteen Passengers In Pittsburgh Suffer Painful Burns As Fire Develops

SEVENTY-FIVE ON CAR, PANIC REIGNS

PITTSBURGH, July 2.—Fifteen passengers were suffering from painful burns today and others had been burned as the result of a near panic which ensued when a cable in the heating apparatus of an Avalon street car exploded and burned last night.

The 75 homeward bound passengers were taken into an uproar when the alarm clock exploded and a blinding blue flash lit the car filling it with smoke.

Setting inferno. Struggling men and women fought to reach the doors of the car in the belief that it had caught fire. Women screamed as the passengers fought to get out. The motorman, Fred Cava, and Thomas Kewchman, conductor, quickly opened the doors of the car.

The injured passengers were burned about the arms and legs when the lower part of the car was momentarily sheathed in flames. Others were bruised and jolted in the rush to escape.

The conductor and motorman were unharmed.

Police rushed to the scene in answer to an emergency call. The injured were rushed in squad cars to St. John's hospital. First aid treatment was given to many by Dr. N. F. Rick.

None Seriously Injured.

None of the injured were reported today to be in a serious condition. Officials of the street railway company immediately examined the heating cable to determine how the short circuit occurred.

Several hours after the accident all the injured had been treated and all but seven persons had left the hospital for their homes.

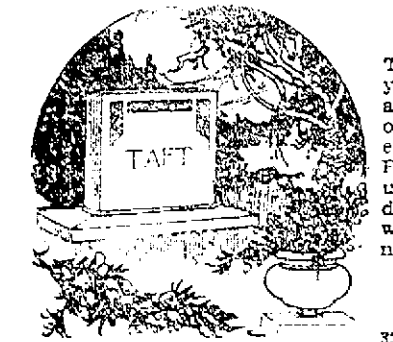

The seven who remained at St. John's General hospital were Miss Ruth Dinger, 18; Miss Florence Ragon, 24; Alexander Dunn, 43; Eugene Robbins, 38; Mrs. Edna Periberger, Mrs. John Colburny, 70 and J. Johanne, 24, all from Avalon and vicinity.

PA NEW OBSERVES

Fourth of July. With the passing of fireworks this year little trouble is expected by the department.

Today's weather doesn't feel very Fourth of July like but then it can warm up considerably in two days. A cool breeze makes it feel colder than it really is today.

Merchants are bound to get better lighting for the downtown business zones. A committee has been appointed to see council about it and go over the matter thoroughly since the joint meeting. As one business man said to PA New, the better the lights the brighter the stores and sidewalks and thus the brighter and happier the people.

Just why any one would want to keep rats is not known at the present time but one of the PA New family stopped at a home last night that did not ask for a member of the family the mother stated that this certain party was "out playing with the rats." We are seriously thinking of getting a snake for a room mate.

If you are going away over the Fourth don't worry about your paper boy. Scribble at The News are taking the day as usual with the spirit of independence.

J. P. Perelman, S. L. Clark and Wallace Wynner today are encamped at Cambridge Springs where they are angling. Annually the two fare forth with rod and reel. Latest reports from the scene of the fishing do not say whether they have or have not experienced luck but it is clinch that if there are any fish there they will get their share. At least that is Tommy Gilboy's belief.

James M. Smith of the Shenango Pottery is cognizant of present day conditions. Yesterday he spoke knowingly when he said that people of today like to play more than they formerly did. He said the city council would do much for the city should the proposed development of playgrounds and parks continue. He said that plant officials like cities where there are many recreational facilities.

Consistency officials are mapping out plans for the Consistency's big outing which is to be held July 31 at Cascade park. Several years ago the Consistency held a picnic there. It is anticipated that members of the Consistency will be there.

When a motorist was apprehended for failing to stop at a stop sign he questioned the legality of the size and lettering. Mayor Gillespie says that the city solicitor has been asked to give an opinion. This should not be a stop sign, whether of legal size or inscribed accurately, is a warning and a safety device for motorists. A car which flashes by my hit another car with injuries to all concerned.

Speaking of meat 75 pounds were consumed out at Boy Scout camp for Sunday dinner. Seems to PA New that a good sized truck would be needed to do the shopping for the camp.

The new phone system is about to be installed in the credit exchange. At present time and for the past months, the exchange has been handicapped because they cannot take care of the calls fast enough.

TO USE SURPLUS FUNDS TO CUT NATIONAL DEBT

(Continued From Page One)

the construction of Boulder dam and flood control along the Mississippi.

One interesting feature of Secretary Mellon's annual report attracted attention in Capitol Hill. This was the statement that total interest payments during the last fiscal year were reduced from \$725,000,000 the previous year to \$550,000,000. As most of this interest was paid on the national debt, the \$175,000,000 saved in interest charges had the effect of tax reduction.

The treasury department already has used \$124,000,000 of the surplus for debt retirement and the other \$51,000,000 will be used similarly within the next few months. At the average of 4 per cent, this will save the government \$7,400,000 in interest charges during the current year.

The treasury policy toward Senator Reed Smoot (R) of Utah, senate finance committee chairman, and Senator W. H. McMaster (R) of South Dakota, an insurgent leader, joining in its approval.

"The whole surplus should be applied to debt reduction," said Smoot. "A large part of it came from income taxes paid upon profits in stock market transactions. Next year, with many investors reporting losses, this surplus may be wiped out entirely. At any rate, we will have increased expenditures due to farm relief, flood control and Boulder Dam. There certainly can be no further tax reduction for the present."

"The basis of the last tax bill was to provide enough revenue to meet the necessary costs of government and to meet any contingencies," said McMaster. "That is exactly what the bill did. I believe this surplus should be used for debt retirement, because one way of reducing taxes is to reduce the public debt."

BANKER ARRESTED AT CONNEAUT, IS HELD FOR FELONY

"Finally we found him, at Conneaut Lake Park, and I swore out a warrant for his arrest."

"I understand he has expressed his willingness to return here, to stand trial, which is what we have been seeking in our nationwide search for a year and a half."

"My sole interest is in protecting depositors and others who did business with the bank."

To Face Trial
Albert Schuman, district attorney, has prepared the charges against the Morgantown banker and authorities intend to bring him to trial as quickly as possible. Reass said.

Reass refused to give details of the search which had been carried on so carefully for 18 months.

"Those are matters of a confidential nature," Reass said. He did not know whether or not Hidebrand was married or had a family, but understood he had been a banker in the Pittsburgh district.

Hidebrand, who had been considered extremely wealthy, had spent the summers here for the last 15 years.

You can use State troops to quiet strikers. For that matter, a quiet flag will smother a bull if it's big enough.

"There is very little difference between the sane and the insane." Just a little disagreement as to the identity of which.

RELATION OF DISTANCES TO PERIODS OF THE PLANETS

By Arthur D. Carpenter

Kuiper's law of planetary motion is called "the harmonic law." The law shows an unvarying ratio of relationship between the periods of the planets' orbits and their relative distances from the sun. Kepler discovered the law by mathematical experimentation, and so hit upon a great truth, viz: The square of the periodic times of any two planets around the sun is as the cube of their respective distances. To illustrate: Since Mercury's period, 3 months, squared is 9; the earth's period, 12 months, squared is 144; the ratio is as 1 to 16. Thus the cube of the relative distances of the two planets is also as 1 to 16.

Time for the Truth about WASHING MACHINES

TOO many half-truths and untruths about washing machines have been advertised in recent years.

For instance, the much advertised claim that clothes can be kept thoroughly clean week after week without soaking and boiling them, and by running them through only one suds.

The truth is that no washing machine ever made can keep clothes permanently free from "that all-over grayish tinge" and that "harsh feel" except by (1) the use of "two successive suds," or (2) by soaking and boiling the clothes, or (3) by the use of caustics or bleaches.

Of these three methods, only one is really satisfactory—namely, the "two successive suds" method which is advocated by Good Housekeeping Institute.

This superior washing method may not be entirely convenient with the washer you are using, but fortunately there is a new washing machine with which this one best washing method is convenient. It is one of the super-fine

Ethel Barrymore Shuns "Talkies", Not Plain Enough

America's Greatest Actress
Refuses To Accept Flat-
tering Offer To
Enter Movies

DICTION IMPORTANT ISSUE ON STAGE

(This is the second of three articles based on an exclusive interview with Ethel Barrymore, queen of the American theatre, who has granted but few interviews in her thirty-seven years on the stage. Tomorrow's article, among other things, will reveal the plans of the great actress for her children.)

By DAVID P. SENTNER
International News Service Dramatic Editor

COPYRIGHT, 1929, BY THE NEW CASTLE NEWS, NEW CASTLE, PA. Ethel Barrymore, America's greatest actress, revealed that within the last few days she had been offered the largest contract ever written for a stage star to enter the talking motion pictures—and turned it down.

"They said my voice had turned out perfectly but I turned the offer down," Miss Barrymore said. "I think the talkies are terrible."

"When I was in the silent films years ago, I did not like it. Of course, the picture industry was not as advanced as it is today. I only made one picture of which I am proud. I made eight or nine others and I do not even remember what they were nor do I want to remember."

"I suppose I should not say anything further against the movies inasmuch as my two brothers are in

them." (She referred to Lionel and John Barrymore.)

"Do you think the talkies will eventually improve American speech and purify its dialect and slang?"

"No," replied Miss Barrymore, emphatically. "I think American dialect is hopeless. When even on the stage in many cases it is deplorable. If my grandmother, Mrs. John Drew, Sr., who spent all her life on the stage, were alive today she would not know what they were talking about."

Gray Matter Counts

Miss Barrymore was forced to ask the interviewer to repeat several of his questions, due to his poor diction. "How important a part does speech play in the equipment of an actress?" she answered. "But most of all is gray matter. If an actor or actress doesn't know what he or she is talking about how can he carry it over?"

Then Miss Barrymore revealed another trade secret.

"I have directed my own plays for twenty years, although nobody has known it," she said. "And the main thing I tell my company is 'not to act.' A good actor must be natural. The illusion of reality must be carried over to one's audience."

Miss Barrymore is to enact the title role of "Scarlet Sister Mary," the Pulitzer prize novel next season after her westward tour. She is enthusiastic about the new vehicle which will have an all-white cast.

To Live In South

"I plan to go to South Carolina next year to live close to the negro type which I will portray. I shall stay with Julia Peterkin, author of the novel, who knows this type like no other white woman does."

Miss Barrymore pointed out how this isolated negro type lived near the Carolina coast and had kept their ancestral beliefs intact.

"They are descendants of African emperors and empresses with their traditions and superstitions untouched," she said. "I read the book one night after the theatre in five hours. I was filled with it. I hope in my portrayal to contribute something toward the elimination of the race question by showing the public the great spiritual forces of the negro. The popular jazz negro productions have provided a wrong perspective."

Committees On Boys Activities Of Legion Meet

Arrangements Made To Carry
Out Boy Scout And Base-
ball Activities Here

Members of the junior world series baseball committee and Boy Scout committee met in the Legion Home last evening, when plans for the work to be carried out among the youths of the city was discussed and plans formed to start this work at once.

Under the chairmanship of Nicholas Cassella, the baseball committee has already started work and a junior league has been formed in the city. While it will be impossible to enter the elimination contests for the junior world series title this year, owing to the late start gained, the boys will be well organized for next year, when an entrant will be placed in the field.

The Boy Scout committee will be given an appropriation by the Gaston Post at their meeting this week and expect to start organizing three troops of Boy Scouts at once.

Members of the committees who were present at last night's meeting were:

Baseball: Nicholas Cassella, chairman; Ed. Howe, Joe O'Leary, Ed. Davis, Ed. Pritchard, J. Harold Wood, Earl Dart, Leon Drummond, Guy Wadlinger and Paul Welsh.

Boy Scouts: Gordon Klein, chairman; John Kennedy, Wilbert Hughes, William Gabbert, William Curry, James Glenn Berry, Gomer Emery, Ray Hall, Howard Welsh and R. S. Rubenson.

Youths To Leave Soon For Summer Training Camps

In Neighborhood Of 40 Lawrence County Boys To Spend Summer In Army Camps

Forty Lawrence county youths are making final preparations to leave for the various Citizens Military Training Camps where they will spend the summer in military training as the guests of Uncle Sam.

The local contingent will leave the last of the week and will start their active military training next Monday morning. Most of them will be in camp by Sunday, July 7, and will return the last of August.

Boys intending to attend the various camps to which they have been assigned have been asked to bring but a single piece of hand luggage, containing four suits of underwear, two suits of pajamas, six handkerchiefs, four face towels and the usual toilet articles, including shaving set. The candidate may also bring, if he desires, white linen shirts with collar attached for wear while off duty, baseball suit and athletic clothes, bathing suit, slippers, tennis racket, and other articles for sport recreation.

Lay Cornerstone With Ceremonies

Lawrence County Speakers Have
Part In Program At
Sharpville

SHARPVILLE, July 2.—With the order undisturbed in the church which preceded the service, members of the First Presbyterian church of Sharpville at 4 p. m. Sunday, had the cornerstone of their new church edifice at Ridge avenue and Sixth street. The impressive ceremony was largely attended.

The principal speaker of the day was Dr. George W. Shelton, pastor of the Second Presbyterian church of Pittsburgh, who delivered an inspiring address.

The necessity of the construction of a new church, he said, showed the physical and spiritual growth of the congregation. He strongly commended this evidence of progress and praised the members of the church for their broad vision.

Recognizing the difficulties encountered by the congregation in its project, which will represent an expenditure of approximately \$100,000, Dr. Shelton urged those present to have no fears for the future. His message, he declared, was assured by the spirit of devotion manifested by members of the church.

The laying of the cornerstone immediately followed Dr. Shelton's address. The stone was placed for the service by Albert Yoho of New Castle, who has the masonry contract for the new building. Sealed in the rock was a steel box containing a Bible, a short history of the church, a Presbyterian Banner, the program of the Women's Missionary society of the church, a roster of the officials and

copies of The Herald and Sharpsville News-Telegraph.

The prayer of dedication was delivered by Dr. Shelton, with the benediction pronounced by Dr. Charles Bell of Ellwood City.

Rev. Harry E. Woods, popular pastor of the congregation, presided and introduced the speakers of the afternoon.

The program opened with a selection by the church orchestra, followed by singing of "The Doxology". The invocation was delivered by Rev. W. C. Perver, pastor of the Unity Presbyterian church of Greenfield.

Rev. Paul H. Elliott of Shippert Rock, moderator of the Shenango Presbytery, read an appropriate selection from the scriptures.

Short addresses in which the speakers commended the congregation and urged a spiritual growth, to which the new church is an enduring monument, were delivered by Dr. J. E. Burr, pastor of the First Presbyterian church of Sharon; Rev. Charles Bell of Ellwood City and Rev. Ivan E. Rossell, pastor of the Sharpville M. E. church and chairman of the Sharpville Ministerial association.

Following Dr. Shelton's address, those present joined in singing the popular and appropriate hymn "How Firm a Foundation."

Dr. Shelton, who is deeply interested in the work of the Sharpville congregation, remained for the evening service, delivering an excellent sermon to an audience which filled the auditorium of the old church.

Local People Touring Europe Or
Friends There Asked To
Big Camp

New Castle and Lawrence county folks who should happen to be touring England during the summer are cordially invited by James West, chief Scout executive, and J. Lee Calahan, local executive, to visit the boys at the International Scout jamboree at Birm

Mr. Calahan also asks that New Castle people who have friends in England write to them and invite them to visit the local boys while on their stay at the camp.

The local delegation, one of the largest from any council, will occupy a conspicuous place in the camp and are presenting an Indian pageant as a part of the program.

PETER'S ADVENTURES ANIMAL LAND

"OFF WITH HIS LEG"

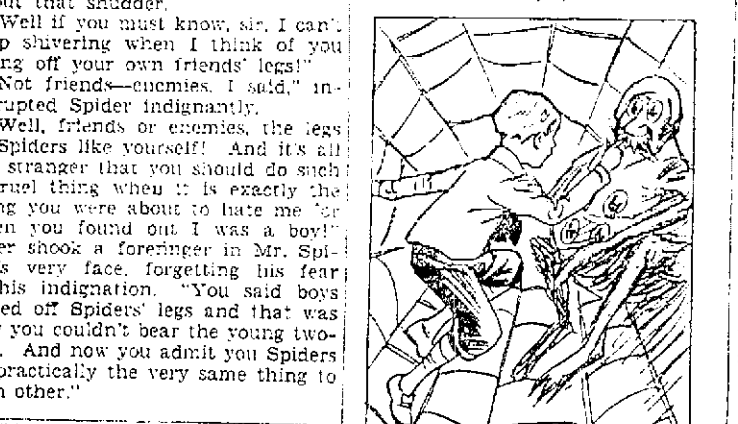

There was no fooling Mr. Spider. He knew something was wrong with Peter and he determined to find out what it was. Peter, a bit fearful of his companion's fangs, made up his mind he'd better tell Spider the truth about that shudder.

"Well, if you must know, sir, I can't help shivering when I think of you biting off your own friends' legs!"

"Not friends—enemies, I said," interrupted Spider indignantly.

"Well, friends or enemies, the legs of Spiders like yourself! And it's all the stranger that you should do such a cruel thing when it is exactly the thing you were about to have me do when you found out I was a boy!"

Peter shook a forefinger in Mr. Spider's very face, forgetting his fear in his indignation. "You said boys pulled off Spiders' legs and that was why you couldn't bear the young two-legs. And now you admit you Spiders do practically the very same thing to each other!"

Cascade Park Ready For Crowd Thursday

Special Features Including
Pyrotechnical Display
Arranged

RAINBOW TERRACE
OPEN IN AFTERNOON

Cascade Park, New Castle, is prepared to entertain one of the largest crowds in its history next Thursday when the biggest holiday of the year will bring out the Fourth of July celebrators. Special features and arrangements for their entertainment will greet the holiday makers at the great recreation center. A spectacular display of fireworks, dancing, roller skating, and evening in beautiful Rainbow Terrace and water sports in the big triple swimming pool will be on the program for the day.

Never before has the recreation center been so well equipped to entertain the crowds as it is this year. Best of rides and novelties will greet the eye at every turn.

Several New Features.

Dancing at Cascade will be one of the big features afternoon and evening. Rainbow Terrace noted for its beautiful setting and brilliant electrical display is better fitted than ever before.

New amusements and features will be found along the big midway. One of the finest of the new amusements is the "Automobile Race," a ride that is speedy, thrilling and used by young and old. It has proved especially attractive to holiday crowds and picnickers.

The famous Gorge ride, an exclusive amusement at Cascade and the other

standard attractions are ready to thrill their many followers.

Incomparable facilities for picnics are an outstanding feature of Cascade. The picnic grove and pavilion with fire gas and electric facilities for cooking afford accommodations for thousands who will spend the entire day at Cascade while the spacious parking field assures motoring parties ample room.

Pool To Be Filled.

Cascade's large three-in-one swimming pool will serve to delight the many hundreds who enjoy water sports. This pool or series of pools accommodates 5,000 bathers at a time having a pool of deep water for high diving and stunting, another pool for regular bathing and swimming while a third pool provides shallow water for the smallest of children to play in.

The children's park which is a park-within-the-park, comprising a Kiddies Midway with miniature rides, galore and a fine free playground is another feature which makes Cascade particularly satisfactory for the family parties.

On Chival Lake will be found boats, canoes and power launch for those who delight in spending their time on the water. Another ideal arrangement for the entertainment of park patrons is the broadcasting every afternoon and evening of music to all parts of Cascade. Bathing parties, picnickers in the groves, strollers along the Midway, all hear the latest and best of concert and jazz music.

Cascade's 80 acres of the finest of natural beauty and its complete array of modern amusements make it an ideal place to spend holidays and one-day vacations.

Local Church To Select Pastor

First Congregational Church Will
Probably Decide Matter
July 14

At a business meeting of the First Congregational church held Sunday evening it was decided by the membership that enough candidates for the vacant pulpit had been heard and that the congregation was ready to select a pastor.

The candidates for the pulpit who have been heard are Rev. John Ellis and Rev. Rees T. Williams of Bangor, Pa., and last Sunday Rev. T. L. Joseph of Graenville, N. Y.

Sunday evening, July 14, the congregation will vote on these three candidates, for the purpose of selecting one of the three as the new pastor of the local church. It is anticipated that a record number of the congregation will be present.

Bedford Scouts Capture Honors At Butler Meet

New Bedford Boy Scouts
Named Champion Camp-
ers Of Western
Pennsylvania

Winning 917 of a possible 1,000 points, the New Bedford Boy Scout troop has been named the champion campers of the western region, which includes every Scout council from every city in western Pennsylvania.

The word reached this city today after a tabulation of points at the regional camporee of Scouts which took place at Butler on June 21 and 22.

The New Bedford troop, winners of the local camporee meet for the past few years, is composed of David Wortman, Ralph Boyd, Edwin Harry, William Hove, Robert Hove, James Whiting, John Kegarise, Alfred Kegarise and Wylie Wallace. Irwin Ropp is scoutmaster of the troop and directed the work of the camporee patrol.

Boys will receive emblems upon which are the insignia, "Standard Campers, 1929, Region Three". In personal inspection the local boys won 155 points out of a possible 120; in camp craft, 319 points out of a possible 345; in Scout craft, 275 out of a possible 300, and in project work, 207 points out of a possible 240.

A personal letter containing the news was received by J. Lee Calahan, county executive, today from R. E. Seymour, regional executive. Major Seymour congratulated Executive Calahan and Scoutmaster Ropp on the outstanding patrol.

The New Bedford troop is one of the most outstanding in the county and is now perhaps the most outstanding in western Pennsylvania.

HILLSVILLE

One of many beautiful summer weddings occurred here on Saturday morning in the St. Lawrence church when Miss Rose Geracie became the bride of Fale Kennedy. The ring ceremony was used with Father Geracie officiating. The bride was beautiful in her white gown and veil, carrying a beautiful bouquet of brides roses. Miss Gelle Cardelli of Farrell serving as bridesmaid was also beautifully gowned. Frank Sifara served as best man. A number of young men and women served as flower bearers, filling both aisles of the church. After the ceremony the parents of the young couple held a reception in the hall here. Mr. and Mrs. Kennedy will go to housekeeping at once in their home already furnished.

Hillsville baseball team will play two games at Bessemer July 4. Mr. and Mrs. Stoffer and family of Akron, O., spent the week-end at the home of the former's sister, Mrs. Roy Johnston.

Mrs. Rose Stevens of Detroit, Mich., is visiting at the home of her brother, Robert Rowe.

Mr. and Mrs. James Iwell spent the week-end with relatives at Clintonville.

The Way OF THE World

BY GROVE PATTERSON

LIFE TO A SCIENTIST

R. A. Millikan of the California Institute of Technology, one of the really great scientists of the world, says: "The most important thing in the world is a belief in moral and spiritual values—a belief that there is a significance and a meaning to existence—a belief that we are going somewhere."

Dr. Millikan knows much about the technique of physics. He is said to know more about the atom than any other man in the world. But the greatest thing about him or any scientist is not the knowledge of his subject. The greatest thing about him is his sense of the relationship of his knowledge to the universe and to the mysterious purposes of life.

REALITIES

Some people think there is only one reality—the reality of facts. Not so. Emotion, faith, sentiment, belief, religion—they, too, are realities. Science is concerned with facts. Science may explain to us the workings of the earth, the stars, the suns, the universe and all the universes. Religion may explain to us the meaning of it all.

THE NEED OF MEN

Years ago James Bryce, one of the ablest students of the American government, declared that democracy has not enlisted in the service of the state a sufficient number of the most honest and capable citizens. One wishes that more progress might have been reported since the time of Bryce. But the criticism holds good today. At every election we are faced anew by an array of second-rate men seeking office, with here and there a good one.

TOO LONG

Dr. Irving Fisher, Yale University, says that by 1999 the average American should live to be 100. If there is a future life, presumably a great improvement on this one, why be worn out by a too long tenure of this earth in our present body?

Live to be 100

Millions Die Of Kidney Disease: Thousands Have It Right Now And Never Suspect It.

The good and wise plan to always keep the kidneys healthy and free from poisonous matter that leads to kidney disease, dropsy and other serious disorders is to take a few doses of Thompson's Barosma every three months.

It is a harmless remedy put up in liquid form, is quickly assimilated and gets to the sick kidneys at once. If your kidneys are weak, inflamed or clogged up, Thompson's Barosma will put them in shape again. If they are not diseased, Thompson's Barosma will tone up your system anyway.

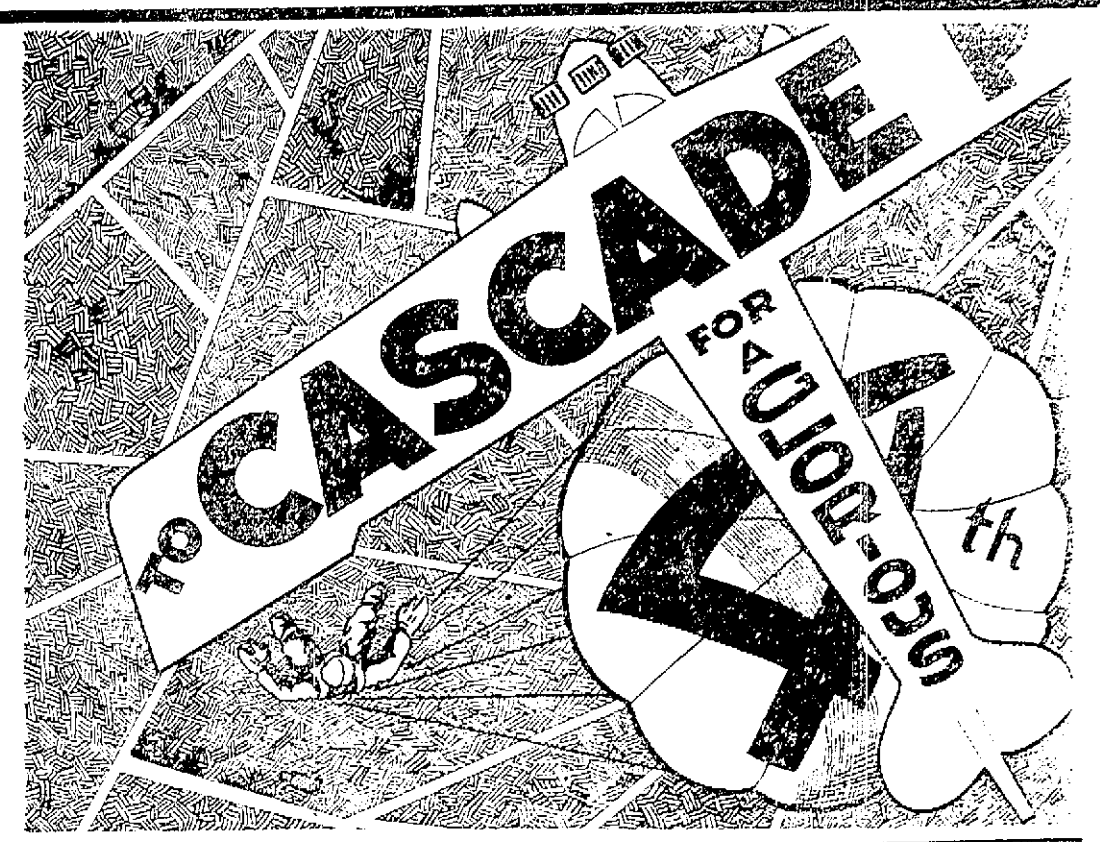

All drug stores sell Thompson's Barosma for \$1 a bottle on money back plan if it fails to relieve backache, sideache, sharp shooting pains and kidney, liver or bladder disease. In conjunction with Barosma always take Golden Lax Tablets (25c and 50c) when constipation is present. For sale at all drug stores.

We consider it our duty to protect our customers from inferior merchandise that can bring only disappointment and dissatisfaction. From the many brands of goods that are offered us, we therefore select and carry only products that we can guarantee because they are guaranteed by a manufacturer we know and trust. Only in this way can we insure you of the greatest value per dollar spent; and build our own business by preserving your good will and confidence.

Post Office Still Considers Volant Mail Route Plan

Decision On Bus Proposal Is Ex-
pected From Department
Shortly

What action will be taken in regard to the petition recently filed with Congressman J. Howard Swick in regard to the extension of the mail service by bus from New Wilmington to that place could not be said at the New Castle post office today.

Under the present schedule mail goes to Volant from New Castle by train just once daily, arriving at Volant at approximately 10 o'clock in the morning. The return mail likewise only comes to New Castle once a day, leaving Volant at four o'clock in the afternoon.

Buses carry mail to New Wilmington twice daily and it is the opinion of Mr. Swick, who has introduced the plan, that as Volant and New Wilmington are but four miles apart, the bus service could be extended to serve Volant.

Local post office authorities have not yet been informed of any action on the part of the department at Washington. It is thought, however, that Mr. Swick's request will be granted due to the great convenience that would result should his plan be approved.

Will Free State Of Bee Diseases

Extensive Inspection Of Apiaries
Over State Now Under
Way

HARRISBURG, July 2.—The most extensive inspection of apiaries ever undertaken in Pennsylvania is now well under way, according to the Bureau of Plant Industry, Pennsylvania Department of Agriculture. Eleven representatives of the Bureau are in the field and will visit all beekeepers, making a careful inspection of every hive. The work is being pushed vigorously. By the end of the season, more than 20,000 hives in at least 21 counties will have been inspected. The present plan calls for a complete clean-up of all bees in Pennsylvania during the next two years.

This work is being done by the Department in accordance with the State Bee Law which was enacted in 1921 at the request of the beekeepers of the Commonwealth. The law specifically requires that bees be kept in modern movable frame hives which permit free inspection of each comb to determine the presence of serious bee diseases. The box hive is declared by the law to be a public nuisance and a menace to the community. Persons violating the law are subject to a fine of \$10 to \$100.

A statement issued by the Department today says: "A number of beekeepers have been fined already this season, but only after the Department had given them more than six months time in which to comply voluntarily with the law."

Their hives were inspected last summer and notice given at the time that the law was being violated. They were notified again during the winter and early spring. An inspection this spring showed that these beekeepers were still ignoring the requirements of the law.

"Only as a last recourse does the Department fine a beekeeper for violating the law and then it is done as a protection to other beekeepers in the community. If the Department overlooked one beekeeper, his apiary could easily become a source of danger to nearby clean apiaries."

"In their desire to have more productive and profitable bees, the great majority of beekeepers are anxious that the provisions of the law be carried out. It is the policy of the Department, therefore, to insist that the few careless beekeepers shall maintain clean apiaries so that the entire State can be freed of serious bee diseases."

Youngster Found In Dazed State

(International News Service)
WEST PLAINS, Mo., July 2.—Following a twenty-four hour search in which over a hundred officers and citizens of Howell county, aided by bloodhounds, participated, Hazel Marie Kellison, two and one half year old daughter of George Kellison, who disappeared from her home in Mountainview shortly after nine o'clock Sunday morning, was found Monday morning wandering in a dazed condition in a field one mile north of Mountainview.

As yet citizens are puzzled as to the cause of her disappearance.

Warns Against Unwise Use Of Explosives To Celebrate July Fourth

"As the Fourth of July approaches
the annual warning against the un-
wise use of explosives unfortunately
becomes again necessary. Even with
the tremendous amount of publicity
in past years on this subject, a large
hazard to the children yet remains in
their thoughtless celebration of the
nation's birthday," said Dr. Theodore
B. Appel, state secretary of health,
today.

"It would seem almost unnecessary
to warn parents of the dangers of
highly explosive firecrackers, toy can-
nons and the mis-named toy pistol.
However, the figures on file in the de-
partment's bureau of vital statistics
prove beyond question that more
thought and attention must be given
to this matter if the sad results of the
last few years are not to be duplicated
this season.

"While it is true that the startling
number of casualties and fatalities
of former times have been quite de-
creased, the number of children
who still become victims of mis-
guided enthusiasm for the Fourth of
July is still very much too large.

"Patriotism is of course one of the
finest characteristics to be developed.
But it is one thing to have a due ap-
preciation of the nation's natal day

and quite another thing to permit the
children to express it in a manner
which leads to a hospital or an un-
der-taker's establishment. Never-
theless, this fact is one that many
parents learned last Fourth of July
and many others will discover this year
with due regard for their children's
safety and welfare.

"Large cities and many small com-
munities, through ordinances, have
prohibited the sale of dangerous ex-
plosives including toy cannons and toy
pistols. But with a nation on wheels,
as it is on the Fourth, it is an easy
matter to pick up these dangerous im-
plements of celebration at wayside
stands outside controlled limits. And
then trouble starts.

"Tetanus, otherwise known as lock-
jaw, is always in the shadow where
high explosive crackers, toy cannons
and toy pistols shooting blanks are
concerned. The only safe way to use
them is not to use them at all.

"Therefore, in making plans for the
children's part in celebrating the
Fourth, include the safety-first idea.
Harmless cap pistols, small crackers
and properly supervised evening fire-
works will, or should, satisfy any child.
"Don't permit your own enthusiasm
to overcome your judgment on the
Fourth. Protect the children!"

CRASH KILLS TRUCK DRIVER

Patrolman Claim Brakes Failed,
Causing Frank May's
Fatal Jump

NEW BRIGHTON, Pa., July 2.—
Frank May, 18, of Coal Valley was
killed Monday on the dangerous
Fallston hill when he jumped from
his truck as it ran wild down the hill.
He died while being rushed to the
Beaver Valley hospital here in an

automobile by Frank L. Vesey and
Chester Rice, both of Pittsburgh.
The truck, owned by the Penn-Ohio
Motor Freight company of Pittsburgh,
was loaded with steel castings. State
motor patrolmen say the brakes failed
to hold the heavy truck. After May
had jumped, the truck went through
the guard rail and crashed 75 feet in-
to a ravine below. Coroner H. C. Mc-
Carter gave a certificate of accidental
death.

Rev. Emrys Thomas

Receives Two Calls

Large Eastern Pennsylvania Churches Seek Local Man As Pastor

Rev. Emrys Thomas, former pastor of the Emmanuel Baptist church on Monday received a call to become pastor of the First Congregational church of Pittston, Pa., and later in the evening received a call to the pastorate of the Miner's Memorial church of Wilkes-Barre, Pa. His name was also mentioned very favorably for a call to another prominent Baptist church of the Scranton district.

The churches from which the calls were received are the only churches he has served since his return from Wales two months ago. The Wilkes-Barre church has been without a pastor for nearly a year and during that time had heard many candidates. The voting was unanimous in favor of Rev. Thomas in both calls.

During his stay in Wales, he preached at anniversary services in several of the most prominent churches there. Several good churches sought to prevail upon him to accept calls there, but he declined to be considered a candidate in a church reputed to have the largest congregation in Wales.

Just before sailing, he was tendered a call to Earlfield Road church, Sefton Park, Liverpool, England, but he had already booked his return passage. They invited him to accept and return again to England after arriving here.

Rev. Thomas will decide during the coming month, which pastorate he will accept—whether the Pittston or Wilkes-Barre charges. Both are desirable charges and either one will be well worth accepting.

Rev. Thomas will occupy the pulpit of the First Congregational church here on Sunday, July 14, and this will probably be his last sermon in New Castle before going back East.

New State Revenue Department Starts Functioning Monday

Three New Cogs In State Machinery Are Set In Motion; To Relieve Situation

Four-Cent Gas Tax Now Effective; Gasoline Dealers Being Bonded

is in charge of licensing automobiles and operators and the collection of the gasoline tax.

Deputy Attorney General Leon D. Metzger heads the bureau which will collect from counties and institutions and C. E. Carothers, formerly a deputy auditor general, is taking over the collection of miscellaneous taxes, and fees.

The new department of revenue, created by the 1927 legislature and enabled by an act passed in the recent session, undertakes the task of collecting all money due the state. The new department is headed by Charles Johnson, of Norristown, who resigned May 6 as secretary of the commonwealth to take over his new duties. Johnson and his four deputies have spent the last two months in planning the work of the department and its extensive operations are expected to function with the least possible friction.

J. Lord Rigby is in charge of the collection of corporation taxes. Rigby, having served in a similar capacity when the taxes were collected by the auditor general's department. Benjamin G. Eynon, former registrar of motor vehicles and now bearing the title "commissioner of motor vehicles,"

ceased another storm followed in almost an hour.

Annual Fireworks "Whoopee"

The annual fireworks Whoopee takes frightful toll each year in spite of the general trend towards safe and sane celebrations. Things are not as bad as they were ten years ago but the fact remains that 289 people lost their lives last year on the Fourth of July. A great many of these deaths were caused directly by fireworks and the handling of dangerous explosives. A large percentage of the victims were children. The National Safety Council suggests that the game isn't worth the price. Every parent should personally supervise the celebration of the children wherever any fireworks are handled. It is much better to keep away from fireworks altogether. That is the only way to play safe in view of the statistics of recent years.

Sadder, Poorer, But Wiser, Mike Eats Home Grub

Pyle's Wallet Is Stuffed—
With Promises—Joyce
Says, Fingering 90-
Day Note

CLEVELAND, O., July 2.—Michael Joyce, Esq., the only Cleveland who ever had the temerity to run across North America twice in the hope that C. G. Pyle would pay him at the end of the sprint, was back in town yesterday.

He has finally lost his faith in the effervescent Pyle, but it took 7,000 miles of pounding the pavements to accomplish it. Instead of getting \$1,250 in cold cash, Mike arrived in Cleveland with a 90-day note.

He thinks he was smarter than 14 other cross-country marathons who are still haunting Pyle's suite at the Biltmore Hotel in Los Angeles.

"He gives you the old gag all the time," said the disillusioned Mr. Joyce. "Has you wait three or four hours to see him at the hotel, and then takes you one at a time to a lawyer's office, where everybody assures you it will be all right, and then Pyle shows you a telegram he just received from his brother or cousin or somebody."

Land Is Vacant
"Then the lawyer'll take you aside and say, 'Charley's got a lot of vacant land out here in Los Angeles that's going to be sold, and Charley's the boy to sell 'em.' Then Pyle'll come over and put his arm around you and say, 'I know you're in my corner."

Mike. I'll make you an officer next year and you can travel in luxury."

"Say, this official stuff is the bunk Jim Thorpe, the old football player, was one of the officials this time, and he's suing for money now. Even the referee wasn't paid. And those lady musicians Pyle carried along to play for him—you should see the fuss they are putting up."

Mike sighed and thought of the days that might have been. He had envisioned himself coming back in a fine new suit, pockets lined with money.

"Well, I guess I got more out of him than the rest," he said. "I got \$305 altogether, but it cost me \$800 to make the trip. Year before this he gave me money to eat on and money for lodging, but nary a cent this year. It cost me \$5 a day, and that's not bad for running 45 to 75 miles a day. I was the only man who finished in the money that didn't carry a trainer. I ran 15 miles in the desert one day without even a drink, and I never got anything from Pyle."

Last Days Tough
"I couldn't have been better than sixth or seventh if I'd have had a dozen trainers, for they set too hot a pace. I'm an endurance runner, but they tried to murder us these last six days."

"Gavuzzi could have beaten Salo easy if he'd wanted to. He could run rings around Salo. But Pyle was trying to keep 'em close together to get up excitement at the finish."

"Salo was supposed to get \$25,000 and Gavuzzi \$10,000. Neither of them has got a dime."

Mike announced that he was finally cured of cross-country running. A thought about the five little Joyses occurred to him.

"Well, I guess I'd better go out and promote something for myself," he said. "If I don't work I'll have to go back to the factory, I guess."

Have New Money;
Can't Spend It

WASHINGTON, July 2.—Members of congress found themselves possessed of dollar bills they could not spend.

The treasury has sent to each member one of the new small dollar notes. If any get into circulation before Secretary Mellon issues an order making them legal tender however the department will have them taken up. They were sent out only so that the senators and representatives could see what they are like.

After July 10 when the new currency goes into circulation the congressmen can barter the bills for cigars or whatnot.

Three Bank Thugs Are Given Terms

(International News Service)

SOMERSET, Pa., July 2.—Three bank bandits Monday were sentenced to long prison terms by Judge John A. Berkey in quarter sessions court.

Less than a month after they had held up the Central City National Bank.

Judge Berkey sentenced Felix Pertak, of Cleveland and John Wocniak, of Detroit, to serve from 18 and a half years to 27 years in the penitentiary. John Lucian, also of Detroit, was given from 16 to 32 years. The three men pleaded guilty.

Were Gang Members
Pertak and Lucian were at one time members of the notorious "Flathead" mob which was headed by Paul Jaworski, recently electrocuted at Rockview penitentiary. A fourth member of the bandit gang is still a fugitive from justice, having escaped with \$4,500 of the bank's money.

Pertak, Wocniak and the fugitive secreted themselves in the basement of the bank on June 5, last, and after disconnecting the burglar alarm, as they thought, they held up the cashier and several other employees when the bank was opened for business the following morning. The assistant cashier, however, succeeded in sounding a second burglar alarm that the bandits had not discovered.

Lucian meanwhile had been waiting in an automobile at the curb. After scooping up \$5,806 the trio in the bank fled with a Citizen's posse in pursuit. A gun battle was fought when the robbers were overtaken on the outskirts of Central City and Pertak and Wocniak surrendered. Lucian had fled at the first sounds of pursuit.

Angered at Lucian's desertion, Pertak gave police his name and he was arrested in Detroit last week and brought here Friday. The fourth member of the gang escaped and is still at large.

daughter spent the week end at the home of relatives in Youngstown.

(International News Service)

SOMERSET, Pa., July 2.—Three bank bandits Monday were sentenced to long prison terms by Judge John A. Berkey in quarter sessions court.

Less than a month after they had held up the Central City National Bank.

Judge Berkey sentenced Felix Pertak, of Cleveland and John Wocniak, of Detroit, to serve from 18 and a half years to 27 years in the penitentiary. John Lucian, also of Detroit, was given from 16 to 32 years. The three men pleaded guilty.

Were Gang Members
Pertak and Lucian were at one time members of the notorious "Flathead" mob which was headed by Paul Jaworski, recently electrocuted at Rockview penitentiary. A fourth member of the bandit gang is still a fugitive from justice, having escaped with \$4,500 of the bank's money.

Pertak, Wocniak and the fugitive secreted themselves in the basement of the bank on June 5, last, and after disconnecting the burglar alarm, as they thought, they held up the cashier and several other employees when the bank was opened for business the following morning. The assistant cashier, however, succeeded in sounding a second burglar alarm that the bandits had not discovered.

Lucian meanwhile had been waiting in an automobile at the curb. After scooping up \$5,806 the trio in the bank fled with a Citizen's posse in pursuit. A gun battle was fought when the robbers were overtaken on the outskirts of Central City and Pertak and Wocniak surrendered. Lucian had fled at the first sounds of pursuit.

Angered at Lucian's desertion, Pertak gave police his name and he was arrested in Detroit last week and brought here Friday. The fourth member of the gang escaped and is still at large.

Mr. and Mrs. Lewis McCutcheon and children of Cincinnati are spending a few days with the former's mother, Mrs. E. E. McCutcheon of Poland avenue.

Emil Carlson and family Carl, Ellen and Lydia were Sunday evening callers at Youngstown.

Mrs. Chester A. Chaddock who has been spending a few weeks with Mr. and Mrs. Chaddock of Louisville, underwent an operation in the Canton hospital on Monday morning. Her many friends extend a wish for a successful recovery.

Boy Scout News

First Christian Troop
The First Christian Boy Scout Troop No. 15 will hold its weekly meeting this evening, Tuesday, July 2nd, instead of Thursday. All scouts are requested to be present. Scoutmaster Sidney Smith will be in charge.

Do Traffic Duty
Members of the First Christian Boy Scout Troop No. 15, held their regular weekly meeting Thursday, June 27th, at 7:30 in the First Christian church. The meeting was attended by a large number of scouts. Scoutmaster Sidney Smith and Assistant Scoutmaster George McCracken presided.

The meeting was opened by Scoutmaster Sidney Smith leading the boys in the scout oath. A color ceremony was held with Arthur McEwen and Junior Phares acting as color bearers and Jack Parks blowing colors.

Scoutmaster Sidney Smith gave a talk on first aid and then a quiz was given to the boys on the same subject. The meeting was then dismissed by Jack Parks blowing taps.

After the meeting the following scouts, Elliott Francis, Herbert Rodgers, Ralph Montgomery, John Phillips, Arthur McEwen and Junior Phares performed traffic duty on the South Side for a celebration that the St. Vitus church was giving.

Scribe, Ralph Montgomery.

THE ONLY ALL-STEEL REFRIGERATOR

The General Electric—the first and only refrigerator built entirely of steel. It is as strong as a safe. It cannot warp. Its doors and sills, faced with warp-proof Textolite, cannot sag. It keeps cold in and heat out more effectively than any cabinet that has ever been sold. Which is just another way of saying that it maintains perfect health-guarding temperature with the smallest amount of current.

And the mechanism of the General Electric—how for ahead of the field that is! All enclosed in an hermetically sealed steel casing—unusually quiet, self-oiling, dust-proof—with an easily accessible temperature control. All the mechanism is mounted on top, out of the way... leaving the greatest possible room inside the cabinet for food storage.

Another advantage of the General Electric is the fact that it is portable and needs no more "installation" than an electric iron. It is merely plugged into any electric outlet. It is mounted on legs, with lots of broom-room under it. It is easy to clean because all its interior corners are rounded.

Listen to the General Electric Hour, broadcast every Saturday evening, 8 to 9 Eastern Standard Time, over the N. E. C. network of forty-two stations.

Work Started On Big Addition To Lawrence Auto Co.

Three Story Structure Will
Be Added To Present
Building On South
Mercer Street

WILL BE READY FOR
OCCUPANCY IN 1930

Work was started yesterday by Contractors Hovland and Frazee on the construction of the big \$100,000 addition to the Lawrence Auto Co. on South Mercer street, which will require about six months to complete.

The addition will be 104 by 180 feet and will be three stories in height. President L. C. John of the Lawrence Auto Co., stated this morning, and will be of reinforced concrete. The doors will be of staggered style, with a connecting ramp.

While only three stories will be erected at the present time, a foundation is being put down for a five story building, and two more stories can be added when needed. This will give the Lawrence Auto Co. 16,840 additional square feet of floor space.

It is expected to have the concrete work completed by November 1, and the entire structure ready for occupancy by January 1, 1930.

In awarding the contract, local contractors were given the preference. Mr. John stated that it has always been the policy of their company to patronize home industry wherever possible. A bid had been received for the work from an out-of-town concern, which was several thousand dollars less than the contract price, but the bid was thrown out and local contractors given the preference.

When completed, the Lawrence Auto Co. plant here will be the largest devoted to the automobile industry in New Castle, and will be a splendid addition to the business section of the city.

**Boy Injures Himself
With Blank Cartridge**

Detective C. G. Logan and Officer Thomas Lynch were called to the Denver avenue district this morning to investigate the alleged shooting of Lewis Punt, aged 13, of 419 Denver avenue.

"They found the boy wounded in the left arm and took him to a physician. The boy at first claimed to have been wounded by a bullet from a gun in the hands of someone else, but later

admitted after his wound had been dressed and found not to be serious, that he and other boys had been playing wild west in the wooded section above their home.

He had secured a highpowered .32 caliber gun and some blank cartridges and had shot himself in the arm, inflicting a painful but not serious wound.

Make Reports Of Minor Accidents

Police Hear Of Numerous Traffic Mishaps; No One Injured

Mrs. Gula Mauser Keagy reported Monday that she was going west on East North street at Cochran Way, when a machine bearing Pennsylvania license D37-239 belonging to C. G. Alexander of 712 1/2 South Ray street, going south on Cochran Way, drove in front of her machine and they were in a collision, some damage being done.

Francis Doss of 79 South Lee avenue, reported Monday that he was going west on Etna street at Bluff street, when a machine bearing Pennsylvania license 388-037 going north on Bluff street, and making a right turn on Etna street, blocked the roadway, causing him to go into a ditch and culvert, damaging his machine.

Albert P. Gobert of 124 East Long avenue, reported that he was driving a truck of the Huston Hardware company west on Home street, when his machine collided with that bearing Pennsylvania license 91-612 going south on Home street. Some damage was done.

L. M. Locke of 609 Allen street, reported that he was driving a machine parked in front of the Dome Theatre and in pulling out was struck by a street car going east on Washington street and operated by P. G. Hess. His machine was damaged.

Today

King Lion E. D. Marvin, delegate of the New Castle Lions club to the international convention of the organization at Louisville last week, delivered his report of the convention as a whole, the addresses, social affairs and sight seeing trips, at the regular weekly meeting today.

The club, previous to Mr. Marvin's report, selected July 18 as the date for their annual picnic. The outing will occur at Lakewood Beach. Members of the committee are A. Marino, chairman; Robert Taylor, R. A. Warner, M. L. Babcock and John Ellison.

Pittsburgh Mayor Suggests Plan In Garbage Disposal

Mayor Kline Would Have City
Take Over Garbage Disposal Proposition

(International News Service) PITTSBURGH, July 2.—Pittsburgh's dream of a base for Amphibian planes was well on its way to realization today following sanction by the city council of a lease to Pittsburgh Aviation Industries Corporation.

The lease would give the company a ten months hold on a section of the Monongahela river waterfront as a mooring and landing station. The "Y" course of the three rivers it was said would enable planes to take off and land regardless of the wind direction.

George R. Hann chairman of the board of the Aviation Industries Corporation announced a Leaking Amphibian plane had been inspected at the factory at Long Island, New York and would be here next week.

Work on the float to which the planes will be anchored has progressed rapidly but construction of the company's office building on the wharf has been held up temporarily, Hann said.

Davidson Estate Case Is Concluded

Missing Papers In Three Million
Dollar Estate Case Are
Returned

(International News Service) PITTSBURGH, July 2.—Missing papers in the \$3,000,000 estate case of Eleanor H. Davidson have been returned, and the case is "practically closed," it was learned here today at the offices of Prothonotary John Vogt.

The final accounting of Henry G. Wasson and George Calvert, who resigned as a committee for Mrs. Davidson, still is missing, however, it was learned. The papers returned were understood to have been brought back by a messenger for an attorney here.

The last entry in the prothonotary's docket was a court order stating that "Henry G. Wasson and George H. Calvert shall be discharged from any future liability" with the case.

Wins Judgment In Infringement Fight

(International News Service) WASHINGTON, July 2.—Rear Admiral Bradley A. Fiske of the navy, retired, who invented the torpedo plane was awarded \$198,500 judgement against the government in the U. S. circuit court here today in his suit for patent infringement.

Rear Admiral William A. Moffett, chief of naval aeronautics was named as the defendant but the court ruled the government must pay the amount as Moffett was responsible only as a requesting officer.

Disorder Marks Garment Strike

Twenty Eight Thousand
Cloak And Suit Makers
Are On Strike

By JAMES L. KILGALLIN
International News Service Staff
Correspondent
NEW YORK, July 2.—Disorder marked the strike of 28,000 cloak and suit makers which began here today.

Rattles between the strikers and non-striker employees and between the strikers and the police, occurred at intervals. In most instances the clashes were over quickly and the crowds dispersed.

Considerable excitement prevailed among the milling crowds in the garment district, the biggest in America. A number of arrests were made.

Samuel Melinsky, 43, was stabbed in the arm when he refused to heed admonitions of strikers.

An advance in the price of clothes is expected to be one result of the strike if it continues indefinitely.

"The hour has struck," said the strike call. "The past three years were the worst ever experienced by you. You were forced to seek employment in sweat-shops, where you had to submit to piece work, long hours and six days a week—all for a miserably wage. . . . End this demoralization and chaos."

The entire 28,000 workers in the industry were affected by the strike call, although only about 15,000 had been working of late, as this is the slack season in the garment trade.

I. Grossman, president of the International Cloak, Suit, Skirt Manufacturers, Inc., which employs about 25 per cent of the workers in the industry and represents 160 manufacturers, known as stylists of the cloak and suit trade, deplored the calling of the strike.

He declared the manufacturers' council would hold themselves in readiness in any move to hasten the termination of the walk-out.

Rotary Organizes For Campaign To Get New Depot

Adopts Resolution Monday Calling
For Definite Action
At Once

Immediate action towards securing a union railroad depot, or at least a new station for New Castle, was called for in the resolution adopted by the New Castle Rotary club in session yesterday. The action climaxed a meeting of fluent discussion during which the condition of the city's present stations were once more lamented.

At a recent Rotary meeting, a note from an out-of-town traveler written on the back of a bill of fare from one of New Castle's hotels and sent to the club, was read. The note follows:

"Rotarians: 'If you really wish to accomplish something worth while for the good of humanity and also for the City of New Castle for God's sake please persuade the railroad companies to erect some clean and respectable depots in the city, not out in the adjacent swamps.'"

MR. ALWAYS TRAVELING.
The note stirred the Rotarians, so at yesterday's meeting, R. A. McKinney offered a resolution that the matter be referred to the civic activities committee for definite action towards erecting a new union depot.

John Offutt is the chairman of the committee and Fred L. Rentz and James Monrohan are members.

Preliminary steps are now being organized by the committee designated to push the project. It is expected that a definite outline of the effort to be made will be presented to the Rotary club at a later meeting.

Former Cellmate Sought In Crime

Believe Revenge Is Cause Of
Double Killing At Alliance, O.

(International News Service) ALLIANCE, O., July 2.—A former cellmate of Sam Dipalina, shot to death with his wife here Saturday, was being sought by police today as the possible slayer, it was learned.

Dipalina, known here as De Palmer, was alleged head of a Black Hand gang which clashed Christmas day, 1915, with a rival gang at Enterprise, W. Va., police learned.

In the bloody gang fight that followed two men were killed, Dipalina, it was said, turned state's evidence and served only nine years in the West Virginia penitentiary at Moundsville before his release.

These facts were learned by investigators who yesterday sought out the 15-year-old records of the case at Moundsville. Captain Harry L. Groves of Alliance and Deputy Sheriff Al Ball of Canton went to Moundsville to make the inquiry into Dipalina's record.

Police refused to reveal the name of the man being sought as the possible slayer. They said, however, that the former cellmate of the slain man had attempted to take Dipalina's life several years ago while they were imprisoned at Moundsville.

Dipalina was not injured in the attempt, it was understood, but the man made several threats since that time to "get" the alleged ex-gang leader.

JAILED FOR NOT SEATING SAILOR

Clifford Reed, 23, New York movie theater usher, shown above with his mother, Mrs. Magdalene Reed, was sentenced to 60 days in the workhouse without alternative of fine on a charge of insulting a uniform of the navy. He was alleged to have requested a young sailor and his mother to take seats in the rear instead of the front. Mrs. Reed fears the imprisonment will be harmful to her son, who is in frail health.

Twenty-five underprivileged boys will be taken to the official Y. M. C. A. summer camp on the Slippery Rock creek this summer due to the kindness of local business men it was announced today.

The lads have been selected from several hundred eligible and the majority are from the Soloto street club ranks of the Y.

Two Pittsburgh Men In Custody For Operating Car

Only One License Plate And No
Operator's License Say
Police

Police are holding C. L. Ray, 204 E. North avenue, N. S. Pittsburgh and Thomas Anderson, 1215 Reddour St., N. S. Pittsburgh, pending an investigation of the circumstances under which they were found operating an automobile last night with a plate that was not issued to them.

Motorcycle Officer Crisswell came upon these men in a Ford roadster last night at East Washington street near Allen street with but one license plate No. 398-435 on the front of the machine. There was no license plate on the rear.

Anderson was driving and Officer Crisswell asked him for his operator's license. He had none. He then asked Ray for his and while he had an operator's license, he was unable to produce an owner's card, claiming to have left them at home.

Ray claims to have found the plate on the car, which is listed in the name of David J. Hess, Mr. Oliver Pittsburgh, Pa. The police are getting in touch with him relative to the license plate.

Regardless of what is found out, Ray faces a local charge of allowing an unlicensed man to operate his machine and also with operating a motor vehicle without proper license plates, while Anderson faces a charge of operating a motor vehicle without a license.

Girl's Courage Captures Yegg

Believe Pittsburgh Arrest
Will Solve Twenty
Five Robberies

(International News Service) PITTSBURGH, July 2.—A girl's courage and a brief gun battle today had resulted in capture of an alleged burglar and solution, police said, of twenty-five robberies in the Hazelwood district during the past month.

Several thousand dollars worth of loot was said to have been recovered by police at the home of the suspect, who gave his name as John Sandor, Jr., 23.

Miss Hilda Huntsman was returning home early today when she saw a flashlight playing on the wall of a second story room. Joseph Doyle, her companion, watched the house while Miss Huntsman sought aid from the Hazelwood police station.

The burglar was hiding behind a piano when police entered, they said. He broke away and ran into the arms of Lieut. M. P. Murphy, who had entered through the kitchen.

As the police prepared to take their prisoner to the station two shots were fired at Patrolman James A. McCormick from the back yard. McCormick drew his gun and returned a fusillade of shots. One of the bullets found its mark the patrolman believed because the assailant presumably a lookout, dropped his gun and fled.

Hospitals were being watched today by officers, in the belief the man who fired on McCormick may be badly enough wounded to seek medical aid.

Youthful American Tennis Stars Win In English Match

Wilmer Allison And John Van
Ryn Win In Wimbledon
Tourney

(International News Service) WIMBLEDON, Eng., July 2.—Wilmer Allison, of Texas and John Van Ryn of New Jersey, youthful Davis Cup team stars, created a sensation in the Wimbledon championships today by trouncing the formidable French doubles combination of Henri Cochet and Jacques Brugnon, 7-5, 8-5, 3-6, 8-6, in a quarter-final match.

The Americans rose to great heights to beat the powerful French team which was one of the favorites to win the men's doubles championship. The match was one of the most keenly fought affairs since the beginning of the tournament.

Helen Wills and Edith Cross of California tasted defeat in the third round of the women's doubles at the hands of Mrs. C. C. McHugh and Miss E. H. Harvey of England, in a startling reversal of form. The score was 8-6, 6-10, 8-3.

America's fondest hopes in the women's doubles went adrift with the defeat of the Californians. The Americans seem to have difficulty in co-operating.

George M. Litt of Chicago and Johnny Hennessey of Indianapolis also advanced in the men's doubles by eliminating the Frenchmen, E. Lyeet and J. G. P. Wheatley, in a third round match. The score was 6-2, 6-2, 6-1.

Meanwhile Bill Tilden and Francis T. Hunter advanced in the men's doubles by eliminating the Austrian pair, Kleinschroth and Baron von Kehring, 6-4, 8-6, 6-1.

Shutt Act Will Apply Only To Bloomsburg, Pa.

Bloomsburg, Pa., Is Only Incorporated Town In Entire State

(International News Service) HARRISBURG, Pa., July 2.—Attorney General Cyrus E. Woods moved today to stop finally what he termed an "erroneous impression" regarding the Shutt Act designed to stop cumulative voting in Bloomsburg, the only incorporated town in the state.

The act applies only to incorporated towns, the attorney general said. "There is now only one incorporated town in Pennsylvania and that is Bloomsburg. The act therefore applies only to the town of Bloomsburg."

No Change Made In Kerosene Law

HARRISBURG, Pa., July 2.—No action passed by the recent session of the legislature in any way affects the exemption from taxation always accorded kerosene when used anywhere except in motor vehicles, it was said at the attorney general's department today.

It was pointed out that as always before since passage of the first gasoline taxation bill a companion act was passed to exempt kerosene when used in tractors or farm machinery.

There are no exemptions for gasoline whether used in farm machinery or in motor vehicles.

More Lads Enter Boy Scouts Camp

Camp Phillips Filled With
Boys During First Camp-
ing Period

Elks Troop Honors Edward
Chapman At Party;
Other Scout News

Seven more boys entered camp on Monday, increasing the number enrolled to approximately 100. The number that were entered for the younger boys period. The majority of the boys in camp this week are scouts but quite a large number of the younger boys have remained for the second week. According to reports from visitors to the camp, people in the city are getting the benefit of a number of stories that have been kind enough to detract when passing Camp Phillips.

The days have been cloudy but very little rain has fallen in the past four days. Scouts who entered camp Monday were Joe Howley, Jim Howley, George Chip, Richard Gilmore, Bill Evans, Jim Dufford and Fred McCaskey. The battle for the camp championship in all sports and scouting activities was begun Monday. In order to place the competition on a fair basis the campers were divided into four groups.

The Senior Blues are captained by Dan Ryan, the Senior Golds by Herb Christian, the Junior Blues by Jim Foster and the Junior Golds by Dick Stevenson. The first games of the series were played Monday with the following results: Marshall, Junior

Blues 19, Golds 13; baseball, Senior Golds 3, Blues 6; basketball, Senior Blues 10, Golds 2; volleyball, Junior Blues 2, Golds 1; paddle tennis, Senior Golds 2, Blues 1.

The total score for the day's games, finds the Blues leading the league with 30 points and the Golds with 25 points. Members of the Blue team are as follows: Junior Blues—Jim Foster, Bill Boston, Fred McWilliams, Jack Higgins, Jim Higgins, Jim Dailey, Bob Bartelmeow, Bob Matthews, Paul Bartel, Bill Brennan, Bob McNeill, Gail Morrison, Dick Gilmore and Dave Taylor. Senior—Dan Ryan, Wes Mann, Don Wyman, Bud Gordon, Ralph Boyd, George Chip, Bill Evans, Ed Norris, Chester Siven, Tom Armstrong, Jack Cunningham, Bud McCaskey, Bob White, Bill Grommes and Nat Boos.

Progress in swimming was reported Monday in the case of two more boys. Bill Brennan has learned to swim on his back and Joe Howley's first dives surprised himself as much as the instructors. The water was crystal clear Monday and the air was warm. Ralph Boyd tried a new stunt today with huge success. He washed his clothes without taking them off, using the 40-foot slide as a washboard. Scouts were awarded at a ceremony Monday night by Camp Director LeRoy N. Norton.

The scalp of Wayseeker was awarded to Gail Morrison. Pathfinder to Joe Snyder and Jack Higgins, Runner to Bob Aiken, Hunter to Ralph Boyd and Herb Christian, Grand Sachem to Dan Ryan. The scalp of Minisink, which is awarded only to Eagle scout, is the highest honor in this system of awards. John Hancher is the first scout to be so honored in the camp this summer. He is an Eagle scout, a member of the camp staff and has spent five summers at Camp Phillips. High point scorer for Monday was Dan Ryan with 155 points, second was John Higgins with 130 points.

An auction sale was the feature of the evening campfire program. Ar-

ticles found during the week had been turned in at headquarters and left unclaimed in spite of numerous announcements. These articles were offered for sale at campfire without any advertising. Needless to say that every article was claimed by the rightful owner before the bidding started. Harry Ziegler, swimming director, acted as auctioneer.

TROOP NO. 5

The next meeting of the Elks troop No. 5 of the Boy Scouts will be held at the old coke ovens Wednesday evening, July 3, at 7:30. This change was made owing to the fact that their regular meeting date fell on the holiday. In event weather conditions will not permit an outdoor meeting it will be held, as usual, in the Elks club. All members are urged to be present.

FAREWELL PARTY

Members of the Elks troop No. 5 of the Lawrence county Boy Scouts held a farewell party the other evening in honor of Edward Chapman. He will be a member of the group leaving for Birkenhead, England, to take part in the world Boy Scout jamboree which is to be held the latter part of this month.

The farewell party was given by members of the Elks club. It was held at the old coke ovens along the Nesheamock river.

Mr. Buell, the grand exalted ruler of the Elks club, and representing his organization, presented Edward Chapman with a silver American flag and a purse of spending money to be used on the trip. In addition, Walter C. DeArment, also of the Elks club, presented a silk neckerchief to be worn on the trip. The neckerchief was of a purple and white color, corresponding to the emblem of the Elks which was embroidered in one corner.

All of the members of the troop and many members of the Elks club were present. Among the guests were Mr. and Mrs. Edward C. Chapman, Mr. and Mrs. Buell, Mr. and Mrs. Ralph Davis and family, Mr. and Mrs. Edward Ryan, Owen P. Fox, Mr. and Mrs. Walter C. DeArment, William H. Haley, scoutmaster of the troop, and his wife, Robert Allen and Miss Virginia Fair and Mr. and Mrs. "Sandy" Howard, Sr.

One of the features of the evening occurred when Victor Wagner, a blind member of the troop, built the camp fire. The opening ceremonies were in charge of William H. Haley, scoutmaster of the troop, who then turned the meeting over to Walter C. DeArment, who acted as master of ceremonies for the evening.

Cleveland Fliers Still In Air, Are Likely To Set Mark

Cleveland Pair In Air Over 84
Hours Are Leading Contend-
ers For Endurance
Mark

(International News Service)—Cleveland, O., July 2.—Byron Newcomb and Roy Mitchell, leading contenders for the endurance flight record, shot past the 84-hour mark in their big blue Einson-Detroler monoplane at 6:38 a. m. today.

They had kept the monoplane, "City of Cleveland," in the air since last Friday, but they were not yet past the halfway mark in their assault upon the present record of 172 hours, 31 minutes, set by Reginald Robbins and James Kelly, over Fort Worth, Tex.

Ernie Basham, chief of the refueling crew and one of the crack pilots of the Cleveland-Buffalo Air Mail Line, took the "City of Cleveland," 75 gallons of gasoline at 6:45 a. m. on a second transfer, a few minutes later, he delivered a similar amount and took the fliers their breakfast.

Three Injured As Machines Crash

(International News Service)—Pittsburgh, July 2.—Mrs. Mabelle Kaphart, 43, and her two children, Christopher, three, and Agnes, five, were suffering from injuries today received when the parked automobile in which they were sitting was struck by another machine. Charles C. Miller, driver of the other car, had swerved to avoid a truck which suddenly cut in on him.

Queen Esthers Conclude Enjoyable Camping Week

The week of camp life at Camp East Brook for the Queen Esthers of the Erie conference of the Methodist church came to an end Saturday. Everyone was sorry to see it end, but glad for the happiness that the week brought.

The camp was headed by an excellent faculty made up of some of the finest women in the field. Nearly everyone has agreed that they surely want to return next year and have another such period.

Every good organization has a newspaper. So did "Camp East Brook" last week. Some extracts from "The Bugle" are given here.

"Morning Watch"
Those who attended Camp East Brook last year are certainly glad to see Miss Shaddock back to lead morning watch. We enjoyed and gained wisdom from her lessons last year on prayer. This year she is teaching the qualities of Jesus, namely: the attractiveness of Christ; the compassion of Christ; the humility of Christ; Christ, the King of Kings; Christ, the comrade; and Christ, the Master of Prayer.

Miss Miller speaks
One of the high spots of camp were Miss Miller's vespers talks on color, light and youth. The talks were given in such simple, understandable language and in such an interesting way that they were looked forward to by all the girls. It has indeed been a privilege to have known and associated with her.

Yes, there were classes. But, not dry ones. The text book, for the

leadership of Miss Dorothy Stewart who has been leading in parties, stunts, etc.

And Our Motto
Soon after the girls arrived at camp, there appeared at the side of the door, a large piece of cardboard with these words "I'd love to." It was soon explained that this was to be the motto of the camp. Now at the end of the week we can say that everyone has certainly lived up to those words with all her heart. No matter what was asked someone was sure to shout "I'd love to," and it was done. It has made our camp more pleasant and homelike and it's use is recommended for all times and places.

Editor-in-chief, Cecil Morris; assistant editors: Ellen Wailing, Rae Otto, Arabella Fry, and Beth Hage-son.

It is strange how quickly girls can make friends. By the way some of them act you would think they had met several years ago. Instead of this week. This is true, in part, to social

Stone Fight May Cost Youth An Eye

WARREN, Pa., July 2.—Carl Taft, Glade youth, suffered an injury to one of his eyes, which probably will cause him to lose sight of the member. According to the report, Taft was fishing in the Conewago creek near the Pennsylvania avenue bridge. Several boys were throwing stones into the water to scare the fish away and the fisherman was retaliating by throwing stones at the boys.

One of the missiles hit Taft in the eye and little hope for retaining vision is held by the attending physician. Warrants have been sworn out for two of the lads.

Motorist Killed By Falling Tree

(International News Service)—WELCH, W. Va., July 2.—A falling tree which struck the machine in which they were riding killed Virgil Lawson, 35, and injured James Chambers, 25, the latter said today. Lawson was killed instantly. The accident occurred on the Welch-Dary road.

"Love George still is the balance of power." What does it profit a dog's tail to serve as a balance if it can't wag the dog?

Weekly Meeting Of Kiwanis Club Held Last Night

ELLWOOD CITY, July 2.—The Kiwanis club held their regular weekly meeting in the Trinity Lutheran church last night, with a very good attendance. Dr. H. E. Helling, delegate from the local club, to the International Convention held recently in Milwaukee, Wisconsin, gave a splendid report from the convention. He stated that in the standing of the clubs in the various divisions, the Ellwood City Club was leading its division in efficiency and attendance.

A letter was read from the Community Service League thanking the club for donating cars for transportation of the children to the fresh air camp. They decided to hold a meeting at Camp Phillips, the Boy Scout camp, and plans will be made to have this meeting in two weeks. The next meeting of the club will be held in the Trinity Lutheran church next Thursday.

The Fourth of July Parade

All set for the big parade. Sure-hospitals make ready for the Fourth, because long experience has shown the inevitable results when people handle dangerous explosives. It is a sad commentary on our civilization when the biggest day in American history should claim the largest number of accident victims of any day in the year. The National Safety Council respectfully calls attention to this fact and urges parents to be doubly careful in their Fourth of July celebrations this year, in view of the fact that 250 people lost their lives last Fourth and that a large percentage of the victims were children.

Opposition Shown Toward Placing Of Mexican Quota Basis

Senator Reed, Pennsylvania, Opposes Move To Restrict Mexican Immigration

(International News Service)
WASHINGTON, July 2.—Opposition to placing Mexico on an immigration quota basis was expressed today by Senator David A. Reed (R., Pennsylvania), in a letter to John H. Trevor of New York, chairman of the American Coalition, an organization which opposed the repeal of the national origins clause.

Reed warned that serious international implications and legislative and diplomatic difficulties might arise if restrictions were placed on the number of Mexicans allowed to enter the United States.

"If we can enforce the existing laws," Reed said, "it will not be necessary to put Mexico on a quota basis."

Swings At Golf
Ball, Hits Sister

BEAVER FALLS, July 2.—Nancy Campbell, little daughter of Mr. and Mrs. A. D. Campbell, suffered a painful, but not serious laceration over her right eye Sunday afternoon when she was accidentally struck by a golf club in the hands of her older brother Jack.

The accident occurred at the Campbell summer cottage near the Ellwood City Country club. Jack was swinging at a ball which he had teed, but like many other golfers missed the little pellet completely and in the swing the club struck Nancy who was standing nearby inflicting a deep laceration over her right eye.

A doctor was called and several clamps were required to close the wound. It is not believed that a scar will result.

Piano Pupils
Give Recital

ELLWOOD CITY, July 2.—The piano pupils of Mrs. E. C. Wright gave a recital last evening at the home of Mrs. Wright's parents Mr. and Mrs. J. J. Dunn in Fountain avenue. The program rendered was an excellent one.

The Fourth of July Parade

All set for the big parade. Sure-hospitals make ready for the Fourth, because long experience has shown the inevitable results when people handle dangerous explosives. It is a sad commentary on our civilization when the biggest day in American history should claim the largest number of accident victims of any day in the year. The National Safety Council respectfully calls attention to this fact and urges parents to be doubly careful in their Fourth of July celebrations this year, in view of the fact that 250 people lost their lives last Fourth and that a large percentage of the victims were children.

HIGH LIGHTS OF HISTORY

The Story Of The World War
50.—The Second Drive For Warsaw

IN THE MIDDLE OF NOVEMBER, 1914, GENERAL VON HINDENBURG, HEAVILY REINFORCED BY GERMAN TROOPS WITHDRAWN FROM THE WESTERN FRONT, BEGAN A SECOND DRIVE FOR WARSAW. AT THAT TIME THE RUSSIANS HAD AGAIN LAID SIEGE TO PRZEMYSL AND WERE ADVANCING ON CRACOW.

IN A GREAT BATTLE AROUND LODZ THAT BEGAN ON NOVEMBER 29 AND CONTINUED FOR EIGHT DAYS, VON HINDENBURG DEFEATED HIS OPPONENTS, AND BECAME HOPEFUL OF CAPTURING WARSAW IN TIME TO PRESENT IT TO THE KAISER AS A CHRISTMAS GIFT.

THE GERMANS PUSHED ON DETERMINEDLY, BUT WERE REPULSED IN THEIR ATTEMPT TO FORCE THEIR WAY ACROSS THE BZURA AND RAVKA RIVERS (DEC. 20-23), 30 MILES WEST OF THEIR GOAL. THE DRIVE FOR WARSAW HAD FAILED, BUT IT HAD THE EFFECT OF DRAWING OFF THE RUSSIAN ARMY THAT THREATENED CRACOW.

AS 1914 DREW TO ITS CLOSE, THE BITING WINDS AND DEEP SNOWS OF THE POLISH WINTER PUT AN END TO ACTIVE OPERATIONS. THE GERMANS CLUNG TO THEIR GAINS IN POLAND, AND A DEADLOCK OF TRENCH WARFARE ENSUED AS BOTH SIDES "DUG IN" ALONG THE LINES THEY HAD ESTABLISHED.

Yankees Begin To Show Life

Difficult To Beat Yanks, Team Which Doesn't Recognize Defeat

PENNOCK PITCHING IN OLD-TIME FORM

SPORTS EDITOR INTERNATIONAL NEWS SERVICE
NEW YORK, July 2.—After watching the scoreboard for the last couple of days, some of the local sports experts around here seem to have arrived at the conclusion today that maybe the Philadelphia Athletics won't be the American League pennant team. That is to say, they figure that the Athletics, having won the pennant as early as June, won't be able to keep it. Any professional gambler will tell you what this means. Never give a sucker an even break, might be another way of saying it.

The Athletics haven't been playing it that way during recent days, with the result that the Yankees have won 14 games out of the last 16 since the last week-end and some of the local sports experts have accepted the incident as evidence that the long-awaited Philadelphia slump is at hand.

This writer has believed all along that, as matinee pennant winners, the Athletics are due. But so is the rest on the first of the month and it isn't always paid.

The point is that this time last year the Yankees were rolling along, just rolling along, 13½ games in front, yet September saw them caught and passed, and while they came again to win the pennant, I wouldn't recommend that the Athletics play the system for a repeat.

Don't Know Defeat
There are a good ball club—a scout who saw them beat the Yankees went for them in the interview, and they have plenty of fight this year but no other club in baseball can touch the Yankees in one respect, namely, they don't know when they are outclassed.

You beat them; they don't believe it. That is a formula for success that is not mentioned in interviews which prattle of hard work and the help of the little woman. Old Mike Murphy, the great trainer, called it another way when he told a Pennsylvania football team that "you can't beat eleven men who won't be beaten."

You can, as a matter of fact, but it takes you all day. If it concerns a single ball game, or all season, if it happens to be a business rivalry, the Yankees are like that. The other fellow may be better but they insist upon him proving it.

It is hard to read a club like that out of a pennant with sixty percent of the season yet to be played, and it must be admitted that things are looking up in their camp with an important invasion of the West soon to come. I will admit that, two weeks ago, I thought the outfit was due to be out-finished for second place by either the Browns or the Tigers.

Now, with Ruth hitting, Pennock starting to pitch and Cy Moore giving some evidence of a regeneration, I'm not so downright certain that they will be out-finished for first place.

It would be a miracle and a man can get rich betting against those things. The Athletics are nine games in front with thirty-nine to play; even the Browns top the champions by a single game today. But with a die-hard club like this chasing them in the Athletics can do only one thing worse than lose a ball game. And that is to lose two ball games.

The Yanks being an old ball club, may beat themselves. But if the Athletics are smart they will attend to the matter personally.

An old king coming out of retirement to defend the honor of his throne, Sabin Carr, former Yale athlete and world record holder for the pole vault, has returned to the cinders and jumping pits for at least one more fling over the cross-bars.
Carr has come back to give his best in the national A. A. U. track and field championships held at Denver, Col.
Last summer after Sabin had swung his little body across the bar at Amsterdam to an Olympic championship, he announced he was through with active competition and hurried home to become a husband and a memory in the minds of sport followers.

Chicago Cubs Lead National

Have Scored Almost Regularly Over Giants And Cardinals

GIANTS AND BRAVES TO COMMENCE SERIES

By HENRY McLEMORE
International News Service Staff Correspondent
NEW YORK, July 2.—Those skeptical souls who want to know why, aside from their "murderers row," Joe McCarthy's Chicago outfit is perched atop the National League ladder would do well to take a peek at the figures showing just what the Cubs have done to the St. Louis Cardinals since the season opened.
In brief, eleven of their thirty-nine wins have been scored over last year's National League champions while the Cards have been able to gain but four victories and one tie over the Windy City crew.
The tie came yesterday when both clubs scored eleven runs before the sixth inning when the game was called to allow the Redbirds to catch a train.

ALIENISTS AGAIN EXAMINE SNOOK

State's Expert Put Him Through
Tests For Two
Hours

COLUMBUS, O., July 2.—In the same courtroom in which a jury probably will decide his fate when he is tried on a first degree murder charge for the killing of Miss Theresa Hix, Ohio State University co-ed, Dr. James H. Snook, former Ohio State professor, underwent a third mental examination for almost two hours Monday afternoon.

The examination, made by three alienists employed by County Prosecutor John J. Chester, Jr., was the second conducted by them. Another examination of Dr. Snook had been made previously by the professor's attorneys.

The test took place behind closed doors in courtroom No. 1. Only Dr. Snook and the alienists Dr. E. E. Gaver, Robert C. Tarbell and William H. Pritchard, were present.

It was a continuation of the tests which the alienists began on June 22 at the request of Prosecutor Chester, who indicated that he is preparing to forestall an insanity plea by Dr. Snook. While Dr. Snook's attorneys have put him through a mental test by two experts, they have not announced definitely that an insanity defense will be made.

The state alienists did not make known their findings.

The prosecutor plans to question Clarence Murray of Marble Cliff concerning the story that he saw a man and a girl either embracing or struggling at the West York Central High school on the night of June 13, the night Miss Hix was battered and slashed to death.

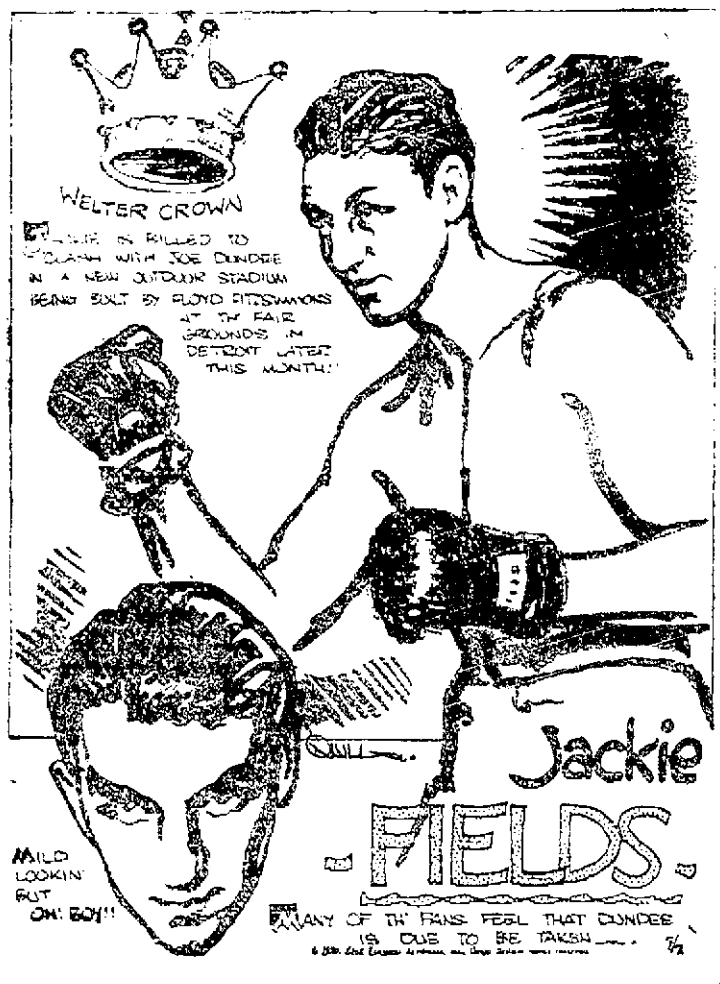

Murray said he was riding past the range with his two little daughters when he saw the couple standing by a blue coupe of the description of Dr. Snook's car. He could not identify them, but the description he gave of the girl's hair and dress corresponded with the description of Miss Hix.

Murray's story, if the persons he says were Dr. Snook and Miss Hix, tends to contradict certain details of the former Ohio State professor's confession. Dr. Snook said he struck the girl with a hammer during a violent quarrel while they were waiting in his automobile on the rifle range.

Then he dragged her from the machine to the ground and severed her jugular vein with his pocket knife "to end her suffering," his confession said.

This is the season when man must choose between the buzz of the mosquito and the smell of the alleged exterminator.—The Indianapolis Star.

The Next Welter Champ?

By QUIN HALL

Ever since Joe Dundee, of Baltimore, riveted the welterweight tiara onto his brow the flistic fans have been wondering when he would climb through the ropes and spend thirty or forty-five minutes (or less) in defending the title.

Joe hasn't been what you might call a fighting champion. Before he wrapped up the iron hat of distinction and carried it into the State of Maryland, Dundee was a good fighter who didn't seem to care how many nights a week he labored. The boys who squat around the ring-side figured he'd be one of the busiest champs ever crowned. But why go into that? It's now an old story.

It looks as if Dundee was finally about to trade punches in a championship bout. Floyd Fitzsimmons, Dempsey's pal, has signed up the Baltimore boy to meet Jackie Fields in Detroit on July 18. Fitz, who put in some hard work to have fifteen round tilts legalized in Michigan, is all set to stage the first one under

the new ruling. He is putting up a brand-new arena to accommodate 30,000 cash customers in a corner of Detroit's Fair Grounds and his first venture with the new pine lumber looks like a sell-out.

Fields is a youngster who has been knocking on the door to fame for some time. His record looks fancy enough to entitle him to a shot at the title. If the bout goes through as scheduled, it should be a hum-dinger.

Fields will be set and ready to go through with his end of the bargain. Dundee may injure himself or kick over the traces. He seems to be jinxed. At least he has been signed for other titular bouts and they have had to be called off.

There is a feeling that Dundee is ready to be taken and that the first fellow who gets him in a ring with his crown, will come out of the mixing as the new champion. It's a certainty that, if Dundee isn't feeling up to the task, there'll be some loophole through which he will be able to jump. Fitz and the fans are hoping that he'll go through with this one.

And there is another fellow who is anxious that nothing interferes with the plans. That chap is Jackie Fields—possibly the next welter champ and a capable youngster who, at least, deserves a shot at the championship.

Cen. Presbyterians Defeat Christians

The Central Presbyterians defeated the Central Christians 6 to 1, in a New Castle Church League game, played at the Clifton Field on Monday night. Sergeant on the knoll for the Presbyterians allowed but five hits and fanned seven. Davies pitched well for the Christians, and given better support might have won, he gave but six hits and fanned four men.

The Presbyterians scored three runs in the first inning, and came back in the third with two more. Cannan, A. Bauman, Hoskins and Sergeant had extra-base hits. Fraser and Mceder did the majority of the scoring for the Presbyterians. The winners played errorless ball back of Sergeant.

NEWS TEAM WINS

The New Castle News mushball team defeated the Phalanx team 17 to 16 in an interesting mushball game played at Colonial field on Monday night.

The News staged another of those now famous "Frank Merriwell" finales to win the contest.

The News boys needed a flock of runs to win the game in the seventh inning and went to work on Andy Bruce, the Phalanx pitcher, and clubbed out enough hits to score 16 runs and take the game by a one-run lead.

The Phalanx could score but one run in their half of the seventh. The News team has found their batting eye at last and promise to make things miserable for the remainder of the teams this season.

SILENCE ISN'T 'GOLDEN' FOR THIS WOMAN

Wife And Husband Avoid Conversation Four Years; She Sues For Money

PITTSBURGH, July 2.—After living together 40 years and raising fifteen children, Mr. and Mrs. Curtis Zimmerman of Bullskin township, Fayette county, near here, have asked the court to solve a matrimonial problem for them.

When Zimmerman came home from work one evening in the fall of 1923, he and his wife engaged in an argument which grew so warm that the husband made it known he would be "better off" if Mrs. Zimmerman would not speak to him in the future.

The wife remained silent and a silence agreement was adopted. Five of their children "witnessed" the agreement, and since that night, not a word has been uttered to each other by wife and husband.

When Zimmerman wished to say anything to his wife, he either wrote it on paper or had one of the children transmit the message. The wife did likewise.

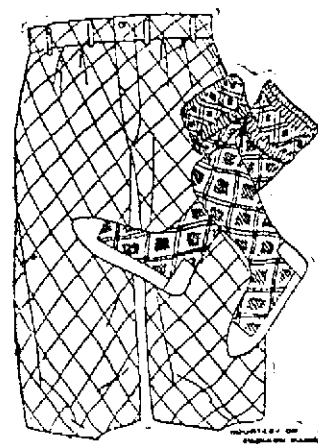

Recently Mrs. Zimmerman complained to her husband, through one of the children, that she needed money. The husband refused to give it to her. She sued him, charging failure to provide for her.

Judge Hudson decreed Zimmerman should pay his wife \$15 a month.

Nearly 700,000 spiders would be required to produce a pound of web, according to estimates of scientists who have experimented with the substance as a substitute for silk.

Negro Confesses Robbery Of Safes

Pittsburgh Police Believe Safe Robbery Ring Is Now Broken Up

ANOTHER SUSPECT IS BEING HELD

(International News Service) PITTSBURGH, July 2.—A number of safe robberies in this district had been solved today, according to police, by confession of Albert Thompson, 23, negro.

Thompson admitted membership in a gang specializing on safe robberies, the officers said. In his confession the negro admitted participating in nine robberies in which combinations were knocked off safes in East Liberty, Precinct Detective James Teets said.

The arrest of Thompson was accomplished by a detective squad which surrounded a hardware store in which two men had been seen, apparently knocking the combination off a safe with a sledge hammer.

Another negro, alleged accomplice of Thompson, escaped. A second suspect, taken a short time after the arrest of Thompson, was being held today in Frankstown avenue station. He gave the name of William Brown, 38.

The safe robberies had puzzled police for several weeks while the money toll of the gang increased. The gang now is believed to have been broken up.

Temporary Receiver Named For Company

Receivership For R. T. Withers Sons Company Asked By Pittsburgh Firm

Upon the petition of J. Scott Morgan and Dale Morgan of Pittsburgh, trading as Morgan Brothers, J. Scott Morgan was today appointed by the Lawrence county court as temporary receiver of the R. T. Withers Sons Company, a plumbing contracting company of this city.

In the petition it is alleged that there are a number of contracts outstanding which the company cannot finish, and in order to protect the creditors the receivership is asked for. A hearing will be held on July 15, at which time it will be asked that the temporary arrangement be made permanent.

John F. Flannery Is Killed When He Dives Into Lake Glacier

YOUNGSTOWN, O., July 2.—John Francis Flannery aged 36, 111 Wesley avenue, was drowned or died of a broken neck in Lake Glacier where he had gone for a plunge with four companions.

Flannery according to his friends took one dive into the water and failed to come to the surface. The alarm was quickly spread and a crowd gathered to aid the young man's companions in their search for the body.

About a half hour after Flannery had gone into the water his body was recovered by two of his companions.

Believing there might be some hope to save the young man's life Flannery was rushed to St. Elizabeth's hospital in Handel's ambulance but was pronounced dead upon arrival.

Flannery who was employed as a mechanic at the city barns is believed to have broken his neck when he dived from the bank.

He lived with a sister Mrs. Edward C. Kirkner, Wesley avenue and also leaves two other sisters Mrs. Frank Floyd of New Castle and Miss Margaret Flannery, city.

Funeral services will be held at St. Brendan's church Wednesday at 9 a. m. Interment will be in Calvary cemetery. The body will remain at the home of his sister until the funeral.

Mushrooms Early!

Whether it forecasts a cold fall, warm fall, severe winter or mild one, or whether it means a rainy period during the next six weeks, is just hard to surmise. Nevertheless, toadstool mushrooms are sprouting nearly three months ahead of time this year.

E. C. McCracken, janitor at the Lawrence county court house, happened about the lawn there on Sunday and to his surprise came upon quite a number of this specie of mushroom.

Older folks about the court house this morning said that September or October was the time during which they are usually found. So just what their early appearance means is still in doubt, for no one seems to know. Perhaps it doesn't mean anything!
